

## FAQ

### Is Clio GO secure?

Yes. Clio GO has advanced security protocols to ensure the safety and security of your data.

### What do I do with my invitation code?

After you've downloaded the app from the Google Play Store (Android users) or the App Store (iOS users), you'll be prompted to enter your unique invitation code.

### What if I don't have an invitation code?

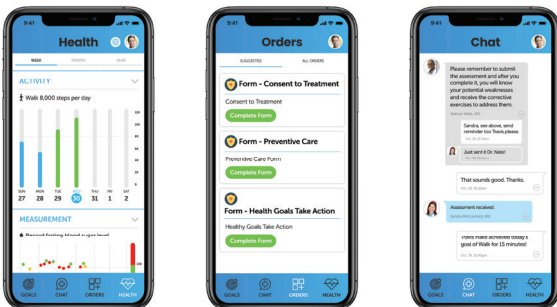

After you've downloaded the app, click **"request an invitation code"** and enter your email address. Your provider will customize the app and send you a unique code to enter.

### Is Clio GO HIPAA-compliant (privacy protected)?

Yes, it is.

### Where can I find out more?

# Clio GO

**A mobile app that connects you to better health and wellness**

# Clio GO

## Good healthcare doesn't end when you leave the clinic.

The Clio GO mobile app helps you take an active role in your healthcare—anytime, anywhere.

## We're in this together.

Clio GO keeps you connected with your healthcare provider—making it easier than ever to maintain health and wellness. Your provider will configure Clio GO so it's tailored to your specific needs and goals, then you'll work together to stay on track. Have a question or concern? Your provider is just a tap away, ready to coach you toward better health.

## Better care.

Clio GO makes it easy to maintain health and wellness with these customized tools:

### Goals

You and your provider will choose goals based on your profile—like walking for 15 minutes, or doing 20 jumping jacks.

### Health

Track your progress over time—to keep you motivated and keep your provider in the loop.

### Chat

Why wait for an appointment? Send questions, concerns, and even pictures to your provider.

### Orders

Integrate the healthcare apps you already use. Your provider can also order other forms and apps based on your unique health profile.

## Let's do this.

- 1 Tell your healthcare provider you'd like to use Clio GO.
- 2 They'll configure your profile according to your conditions, needs, and goals, and email you a unique invitation code.
- 3 Download the Clio GO app from the Google Play Store (Android users) or the App Store (iOS users).
- 4 Enter your invitation code and you're good to go!
