

LG Health Collecting Scrubs for Employee Career Closet

LG Health will host a Career Closet to benefit LG Health employees. The Career Closet is currently collecting gently-used scrubs that will be shared with LG Health employees currently facing a need. Only current LG Health employees will have access through the HR Department to view the closet and choose scrubs free of charge.

- **Here is what you need to know regarding donating scrubs: Who can donate?** Donations to the Career Closet can come from employees, clothing distributors and family and friends of employees.
- **What to donate:** The Career Closet is accepting gently-used scrubs that are non-stained and laundered in all sizes and the following colors: Navy Blue, Hunter Green, White, Dark Gray, and Cranberry. Please refer to the [Dress and Personal Grooming](#) policy (Clinical Staff) for permissible scrub colors.
 - NOTE: While the Career Closet is beginning with scrubs, the hope is to expand to other clinical and support/service staff offerings in the future.
- **How to donate:** Scrubs can be delivered to the attention of Maria Kinney, HR Compliance Specialist at BURLE. Scrubs may be dropped off at BURLE or sent through interoffice mail.

Additional communications to follow in the coming months once the Career Closet is open. Those communications will include where and how employees may leverage the Career Closet.

If you have questions regarding the Career Closet, please contact Maria Kinney at Maria.Kinney@pennteam.upenn.edu or 717-544-2971
