Programs and hours of operation may vary by school. This institution is an equal opportunity provider. ©2024 Learning Care Group (US) No. 2 Inc. KWC1. Coupon Code for free registration: CorpReg

Discover the magic  
of a summer  
filled with  
**Wonder  
Weeks!**\*

Expect unique, exciting experiences for:  
**Toddlers | Preschoolers | School-Age Students**

### **Wonders of Water**

Children investigate and explore water through hands-on experiments, water games, and play. Learn about water-loving animals, the science of water, and water's importance to us and the environment.

### **Wonders of Storytelling**

Folklore, pretend play, heroes, myths, magic, and more—this week is legendary! Children investigate fantasy and superheroes through costumes, dramatic play, storytelling, and illustration.

### **Wonders of the Garden**

Discover the magic and beauty of the botanical world through observation, questioning, and experimentation. We will revel in the natural world to foster curiosity and connection to plant life.

### **Wonders of Nature**

Ready, set, explore outdoors! Children engage in nature play and building relationships with nature to become stewards of the environment and to understand their role as caretakers of the natural world.

### **Wonders of Games**

Children will imagine, invent, and create unique games to play and develop exciting adventures to enjoy with peers, as they stretch their minds and bodies to enhance their collaboration skills.

**Sign up today!**  
**Ask your school for details.**

### **Wonders of Crafts**

Classrooms become makerspaces where children discover artistic media, become artisans, and learn new techniques for crafting. They embrace their imagination to create, craft, and make new things.

### **Wonders of Design**

We're building up and out with 3-D construction! Children reach for the sky to design, engineer, and build structures with various materials and techniques. We'll explore stability, balance, and strength.

### **Wonders of Sound**

*Brrng, kerplunk, buzz, clackety-clack, thump!*  
Children leap into the world of sound and listen to rhythms and noises to inspire their own creative beats, with traditional and non-traditional instruments.

### **Wonders of Invention**

Think, create, and dream BIG! Whether building a machine to solve a problem or creating an imaginary friend, children play independently and collaboratively to keep imagination alive!

### **Wonders of Mess Making**

Let's make a mess! Children will experiment, concoct, and discover with wonderfully messy materials. Through scientific inquiry and curiosity, things are about to get messy!

#### **OUR COMMUNITY OF LEARNING CARE GROUP SCHOOLS**

\*The length of camp programming, plus schedule of activities and themes, may vary by school, location, and enrollment date. Age restrictions apply. See school for details.
